Observations...

By UDELL

Once again, we are preparing for the glorious feast of the birth of Christ, Saviour of the World. In all our department stores and shops around town, gifts are displayed and everyone is rushing to fill his gift list. But on a lot of the lists, a name is left off. Everyone forgets to plan a gift for the One who should be honored on this day. The spiritual side of this great feast is left unobserved by many, whose every thought is what material gift can be purchased. In these few days before Christmas, spend a little time in getting ready for the coming of Christ. Then when you go to worship on Christmas morning, you will be able to offer a wealth of gifts that will truly say MERRY CHRISTMAS.

The City playground is developing into a nice addition to the town. A fence has been erected around the lot, and children can now play there without any danger of running into the street. A nice Christmas tree has been set up at the corner of the playground. The Park and Play Commission, with the help of the City Fathers, are going ahead to provide the children of Bay St. Louis with safe recreational centers. Another bouquet of orchids to the Commission.

It's all right to get a tree for Christmas if you cut down the woods, but when someone raises a tree for 15 years, and not just an ordinary pine, they certainly hate to see it cut down for a Christmas tree. One of our subscribers was in the office yesterday, and he had been growing on his private property, which by the way is fenced in, was willfully cut down. Respect for our neighbor's property should be one rule applied to our everyday lives. Always think twice before destroying something that doesn't belong to you. It may mean a lot to the owner.

Dorothy Dix, famous writer of advice to the lovelorn, is dead. Many years ago, Miss Dix, in her life Mrs. Elizabeth Glimmer, came to Bay St. Louis to recuperate from a nervous breakdown suffered after her husband was stricken with a serious illness. Her next door neighbor here was Mrs. Eliza Jane Nicholson, owner and editor of the New Orleans Picayune. It was through Mrs. Nicholson, that Miss Dix got her start as a writer. Her first story sold for three silver dollars and led this young woman to national fame. This beloved writer, who read newspaper columns, died Sunday, December 16, at 80. She was written to the life of a great writer.

The Teen-Age club will distribute baskets to the needy Sunday, December 23. They are soliciting donations of fruit and candy or the money to buy same for the baskets. These youngsters have repaired a number of old toys donated to them and will give them to children who would ordinarily be forgotten on Christmas morning.

Garden Club Holds Final Meeting

Farrelly Honored By New York Life

Bernard F. Farrelly, resident of Bay St. Louis, was presented a 14K gold Hamilton watch at a surprise dinner December 8, at Hotel Reed.

Mr. Farrelly, who has served for 20 consecutive years with the New York Life Insurance Company, is now known as a Senior Nyle.

Mrs. Farrelly was presented an orchid corsage by the New Orleans manager of the New York Life, Luther Byrd.

There were 30 guests present at the dinner, all members of the Company from New Orleans, Ocean Springs and Pascagoula.

Students Stage "Christmas Story"

"The Christmas Story" was staged in authentic costumes with appropriate props and settings by members of the S. J. A. Social and S. S. C. Confraternity and the dramatic and music departments of both schools Tuesday, December 18, at 8:00 p.m. in the S. J. A. gymnasium.

A combined choir of S. J. A. and S. S. C. students provided the usual carols which served as the musical accompaniment to the Gospel narrative of Christ's birth.

An interesting feature of the performance was the double characterization. Members of the cast appearing on the stage pantomimed their parts while the dialogue was spoken by others over the public address system.

The entire performance was acted out with musical background, both instrumental and vocal, under the direction of Sister Marie Antoinette and Brother Martial. Miss Marie Bordage accompanied at the piano.

Members of the cast were: Eugene Cagle, George Fava, Gabriel, Karen, Kengsten and Edith Dantagman, Mary, Richard Woods and Robert Faldout, Joseph, Paul Hurley and Alfredo Canler, Jacob, Betty Perrin and Mary Ellen Green, Martha, his wife, Joyce Mae Johnson, voices; Richard George and Anthony Loloano, David; Andrew Arceneaux, Roland Menou, Stephen Hewick, Jorge Rodriguez, Andrew Scatfidi and Jose de Di-anous, Sheperds; Gerald Rooney and Mary Helen Curran, narrators; William Grace, stage manager; Pat Chapman, musical background; Mary Rose LaBuzzo, Hannah Holiday and Norma Gurdian were in charge of the wardrobe; and Roland Hewick provided the sound effects.

The Nativity scene at the Coast Electric building is worth seeing. A ride around town at night, will be worth the time spent to see the lovely outdoor decorations.

Annual Carnival Plans Are Formed

The Krewe of Chicapoula will hold its annual Mardi Gras parade through the streets of Bay St. Louis February 26. This annual affair is sponsored by the Bay High P.T.A.

Theodore Thomas, subscription committee chairman, reports that the local merchants are cooperating in promoting the Carnival. Mrs. Charles A. Breth court committee chairman, assisted by Mrs. J. E. Erwin, announced that members of the court had been selected from Miss Alma Parker's eighth grade pupils at Bay High.

The parade, whose theme is Mother Nature, will form at the Central School and the ceremonies and presentation of the keys of the City will be held at the Court house. The ball will be held in the Bay High gymnasium with dancing until 6:00 p.m.

Plans for decorations and floats are underway. Mrs. Bill Witter, decoration chairman, and Mrs. Paul Miller, float chairman, announced. They are soliciting help from the parents and local residents.

All County schools are invited to participate in the Mardi Gras festivities, enter floats and compete in the maskers contest.

A subscription of \$5.00 entitles merchants or organizations to enter a float with theme; parochial schools are included in the City schools and have entry privileges.

Mr. and Mrs. W. F. Witter and Mr. and Mrs. Harold Kraynkey are co-chairmen of the Maskers Dance from 8:00 p.m. to 12:00.

Decorations of the floats may be fruit, vegetable, flowers, grass, trees, shrubbery, leaves, etc., to carry out the theme.

LOCAL MEMBERS ATTEND REA MEET;

DR. PAUL D. SANDERS SPEAKS TO GROUP

ITALIAN SOCIETY HOLDS BANQUET, DEC. 8...

Jackson, Miss.—Rural electrification holds the key that will unlock the door to bigger incomes, a higher standard of living and greater happiness on the farm, Mississippi public power leaders were told by one of the Nation's top agricultural authorities at a big, statewide meeting in Jackson, December 14.

Dr. Paul D. Sanders, editor of the Southern Planter, Richmond, Virginia, and a native of Attala County, Miss., said that "our farms are getting fewer and fewer, and are growing larger and larger and the farm population is shrinking constantly."

"The full impact of our farm mechanization, rural electrification and industrialization in the South is just beginning to be felt," Dr. Sanders said. "We are shifting from a rural to an urban life."

"If we are to maintain our agricultural civilization here in the South, keep a large and prosperous population on the land, we must make farm life more lucrative and attractive. Rural electrification is one of the big answers."

Dr. Sanders, Congressman "Jamie Whitten" and Phil Voltz, of the REA, Washington, were principal speakers on a program that drew attendance from every section of Mississippi. Despite the rush of the Christmas Season and a steady rain that fell throughout the day, the Victory Room of Hotel Heidelberg was filled to capacity with Mississippi leaders, including state officials, business executives, professional men and women, farm leaders, REA and TVA leaders, and others.

Referring to the growth of rural electrification in 1950, Dr. Sanders said the south electrified during the year more than twice as many farms as all the other regions of the nation combined.

"Rural electrification has increased the new taxable wealth in Mississippi by \$426,885,146 since 1935," he told the meeting; "and is making a vast contribution toward the preservation of our rural heritage upon which the state and Nation have grown great."

Congressman Whitten said the tremendous achievements in national strength and security "has come about as a result of the people and the federal government working together through agencies like the REA, HOLC, and REA." Phil Voltz, representing the Rural Electrification Administration, cited figures which explained the "thrilling march from darkness and drudgery to light, comfort, and better living for rural America."

An expression of gratitude and praise was expressed to Congressman John E. Rankin, of Tupelo, in recognition of his services in helping bring light and power to the farm, with the presentation of a plaque by H. I. Finkler, manager of Southern Pine Electric Power Association.

A well balanced program of entertainment was presented during the afternoon, including Reid Moore and Mrs. Magnolia Coultter, two of the south's favorite voices. Miss Edith McDaniels, of Belhaven College, was at the organ, Slim Scoggin and his Cowboys, enlivened the occasion with popular hill-billy music, and Felix Snipes, Jackson, entertained with a magic act.

The "Day" was sponsored by the North Mississippi Public Power Association, Jimmie Mattox, Columbus, President; and Mississippi Rural Electric Association, J. H. Smith, Laurel, President.

Members of the program committee were W. H. Saxton, Batesville; Louis C. Spencer, Jr., Greenwood; Louie Wise, Columbus; R. Z. Taylor, Philadelphia; J. T. Dudley, Lucedale, and H. L. Fickering, Taylorsville, Chairman. The event was broadcast from 2:00 to 3:00 o'clock over stations at Tupelo, Columbus, West Point, Greenwood, Jackson, Meridian and Laurel.

Attending from this area were Dealus Burks, Representative-elect of Pearl River County; H. H. Shattuck, manager; Quitman Lott, Senator-elect; Walter James Phillips, Representative-elect of Hancock County; and Coast Electric's directors, F. Randall Rester, W. H. Burks, E. F. Morris, R. P. Turpin, George Curet and Walter Stewart.

And it came to pass, that in those days there went out a decree from Caesar Augustus, that the whole world should be enrolled.

This enrolling was first made by Cyrenus, the governor of Syria. And all went to be enrolled, everyone into his own city.

And Joseph also went up from Gallilee, out of the city of Nazareth into Judea, to the city of David, which is called Bethlehem; because he was of the house and family of David.

To be enrolled with Mary his espoused wife, who was with child.

And it came to pass, that when they were there, her days were accomplished, that she should be delivered.

And she brought forth her first-born son, and wrapped him up in swaddling clothes, and laid him in a manger; because there was no room for them in the inn.

And there were in the same country shepherds watching and keeping the night watches over their flock.

And behold an angel of the Lord stood by them, and the brightness of God shone around about them; and they feared with a great fear.

And the angel said to them, Fear not; for, behold, I bring you good tidings of great joy, that shall be to all the people.

For, this day, is born to you a Savior, who is Christ the Lord, in the city of David.

And this shall be a sign unto you. You shall find the infant wrapped in swaddling clothes, and laid in a manger.

And suddenly there was with the angel a multitude of the heavenly army praising God, and saying:

Glory to God in the highest; and on earth peace to men of good will.

And it came to pass, after the angels departed from them into heaven, the shepherds said one to another: Let us go over to Bethlehem and let us see this word that is come to pass, which the Lord has showed to us.

And they came with haste; and they found Mary and Joseph, and the infant lying in the manger. St. Luke.

HOW TO COOK YOUR TURKEY

State College, Miss.—Homemak-
ers who are including turkey on
their Christmas dinner menus
are advised by Miss Eva Legett,
Extension consumer education
specialist, to allow one-half pound
ready-to-cook turkey per serving
in determining the size bird they
will need.

For example, a turkey weigh-
ing 8 to 10 pounds should yield
16 to 20 servings. A 20 to 24
pound bird should give 40 to 50
servings.

Turkey for Christmas should be
a good buy this year as the crop
is 16 percent larger than 1950,
Miss Legett said. Prices are ex-
pected to be reasonable.

On the market, she pointed out,
turkeys may be found in the
broiler-fryer sizes that range
from 4 to 8 pounds ready-to-cook
weights. Some markets offer
disjointed and cut-up turkey so
a favorite part, light or dark
meat, may be selected.

The term ready-to-cook, she
explained, simply means that the
turkey has been drawn and clean-
ed ready for cooking.

In thawing frozen turkeys, for
cooking, either one of two meth-
ods may be used. The bird may
be left in its original moisture-
proof wrapping and placed on a
rack in the refrigerator. It will
require 2 to 3 days to defrost by
this method.

A second method is to place
the unwrapped turkey in a pan
under running cool water. The
time required to thaw will vary
from 4 to 6 hours, depending on
the weight of the bird.

of Christ. Every true vision

Garden Club Ends Year With A Tea

The Pass Christian Garden Club ended its 1951 year with an interesting demonstration of flower and foliage arrangements presented by Mrs. George Morning and Mrs. John M. Parker.

These members demonstrated the use of common foliage and flowers in an artistic manner. Adding to the Christmas-in-the-Home ideas, Mrs. Jane Wheeler and Mrs. J. F. Epperson displayed an assortment of small gifts suitable for Christmas giving.

Mrs. Roy Hagerty and R. O. Heistand were co-hostesses at the tea which followed the meeting.

Y. P. L. Gives Five Cartons Of Toys

The Young People's League of the Trinity Episcopal Church turned over five cartons of Christmas toys to Mrs. Julia McDonald Everett for distribution among needy families at Christmas time. This toy collection job completed the group's last project for 1951.

Plans are underway for the presentation of the "Feast of Lights," a candle light service by the League on Epiphany Sunday, January 6. Services will begin about five o'clock and a guest-list is in the making for these services.

The League expects to assist with younger children during the Church Christmas Service.

Following their regular business meeting Dec. 10, they enjoyed a social hour with caroling and refreshments. Mrs. R. O. Heistand is advisor to the Y. P. S. L.

NEXT SEASON'S BOOK REVIEWS INDEFINITE

Mrs. Pauline Dabney, well known for her book reviews, says it is too early in the season to plan a definite schedule of book reviews for 1952. Mrs. Dabney explained that a large portion of her usual audience is composed of people who winter along the Gulf Coast and live in the hotels. These winter guests usually arrive in January and the season extends through March. If there is sufficient interest to warrant a series of book reviews this year, Mrs. Dabney will map out an interesting and varied program otherwise she will give occasional reviews by request.

Santa Gets Cordial Welcome In Pass

The children of Pass Christian were at the station to greet Santa when he arrived on No. 4 last Saturday morning.

Santa's new suit was beautiful and could be seen long before the train came to a slow rumbly halt at the depot. First Santa shook hands with all in reach, then he was hustled into the fire truck and given police escort through the city, followed by a teeming throng of boys and girls. Trail in this procession were some 52 automobiles.

In the ball park Santa opened his pack, and as children filed by the entrance gate, he gave each a package of Bunte's filled Christmas candies. The candies were individually wrapped in foil and packaged in cellophane bags.

The Lions Club brought Santa to Pass Christian and with him the true spirit of Christmas.

Will, suffering a broken blood vessel in his leg, was ordered to stay in bed for a few days by Dr. C. D. Taylor. His condition is not considered serious since the car had come almost to a complete stop at the time of the accident.

Annual Episcopal Christmas Service Set For Dec. 23rd

Dr. Willis Gaylord Clark, Rector of the Trinity Episcopal Church, has announced Sunday afternoon, December 23, at 4 o'clock as the time for the traditional Christmas Carol Service for the Sunday School pupils, their parents, guardians and friends. At this gathering emphasis will be placed on the spiritual side of the feast. The group will sing familiar carols. Dr. Clark will tell a beautiful old legend that is said to have originated in Moravia many years ago, and is the story of the "Lighting of the Tree."

Following services in the church, the group will go into the Parish House for festivity around a tree decorated with all-white ornaments and candles. Dr. Clark will read "The Night Before Christmas" and Christmas packages of candles will be distributed to children of the first and second primary department, the beginner classes, and nursery, will receive gifts and the older Sunday School students will help with distribution.

This service is open to the public and any who wish to come will be cordially received.

A TREE FOR TOMORROW

Each year, forest industries of America plant millions tiny seedling trees. Within a comparatively short time these trees become rapidly growing young saplings. More and more they are pulp, or "pole" trees. Then, in much less time than most people think, they become high-quality sawlogs.

While industry is planting trees on burned over acres, nature, the greatest tree planter, is sowing millions of other acres with new trees. Together—the trees that man plants and those that nature plants—they will be our forests of tomorrow.

Because trees grow and may be replaced, our forests are one great natural resource that Americans may, always enjoy. Properly managed, our lands will return ever succeeding crops of trees for the thousands of things we require of wood.

While industry itself owns a relatively small part of American forest lands, it has adopted the major objective of helping bring all our woodlands into full production, to serve you, and your children's children, and their children—forever.

The State Forest Service has announced that there is a surplus of slash pine seedlings available to farmers in Mississippi. This announcement was made by Mr. Joe Weatherly, Timber Management Director of the State Forest Service.

Mr. Weatherly states that farmers may obtain these slash seedlings by contacting their Area Forest Ranger, S. C. S. Representatives, Vocational Education Representatives or County Agent. Applications should be made as soon as possible. Seedlings will be delivered to the County Seat where farmers may receive them for planting. Up to five thousand seedlings will be delivered to any qualified land owner at a cost of \$35 per thousand. This cost is to cover transportation. On orders above five thousand there will be a charge of \$3.35 per thousand.

A Christmas Wish

Carols echoing sweet and clear —
Frosty stars that lean to hear;
A parlor tree all tinsel-shine,
Up in the woods, a star-tipped pine;
Greeting cards in a merry shower —
A sweetly solemn midnight hour
When a simple tale and an age-old hymn
Usher the King of Christmas in;
Rebirth of love — new hope for peace —
And a miracle to make war cease —
Let's all wish this for Christmas!

Your HEALTH

The State Health Officer Says:

AWAIT HOSPITAL OPENING. Mississippians are impatient for the day of dedication and opening of the State's four-year medical school in Jackson. Should the Legislature see fit to provide housing for the State Board of Health on the grounds of the medical school, the state health department would be of assistance to the Board of Trustees of the Institutions of Higher Learning, the Chancellor of the University, and the Dean of the Medical School in giving our Mississippi boys and girls broader health concepts. Opportunities will be as great for students at the University of Mississippi School of Medicine in Jackson as they are in any state in the union—if not greater.

Besides basic training in the scientific diagnosis and treatment of illnesses which the courses in medicine provide, a physician needs to know how to work with all the agencies and factors in his community which also contribute to the health of the people. Public health principles which enter strongly into the control and prevention of disease and the promotion of health, are being recog-

nized by the outstanding medical schools as a very fundamental part of the medical student's basic factors in the treatment and prevention of disease, the private physician can better promote health in his community.

The state health department can assist the student to evaluate medical literature and research data through orientation in medical statistical methods. Much data on disease, maternal and child health, school health, and the physical and industrial environment, if made accessible from the state health department to the medical student, can contribute greatly to studies and research on medical problems in Mississippi. To accomplish these things, and more, such public health information should be presented in each of the four undergraduate years through integration with other subjects or separately. The economic problems of medicine should be presented both from the standpoint of the public and of the medical profession.

Too, under such a cooperative effort, short courses, refresher courses, and extension courses could be provided occasionally, not only for the private practitioners of the state, but for the public

health personnel throughout the state. Seminars in public health might be sponsored jointly by the state health department and Department of Preventive Medicine of the Medical School for students and the local health and welfare personnel of official and voluntary agencies.

Already Dr. D. S. Pankratz, Dean of the Medical School, and I have found encouragement for financing research programs, another phase of activity which will develop.

On this basis it seems most economical and expedient to make the resources in personnel, program, and facilities of the State Board of Health available to the young medical students. This can be done by housing the state department of health in offices on the grounds of the medical school.

Mississippians should be grateful to all those who fought and won in the effort to provide a standard four-year medical school for this state.

Christmas Seal Search Begun

It was announced today that a county-wide search for seals is underway. This extensive search is being carried on by all concerned citizens at the request of the Mississippi Tuberculosis Association.

tion, according to Dr. Robert E. Schwartz, president. Every citizen is urged to make an effort to locate the hiding places of these valuable Christmas Seals wherever they may be - behind pictures, in desk drawers, under stacks of mail, or other similar places.

"Thousands of Christmas Seals have been misplaced, laid away, or forgotten, right here in Hancock County. These Christmas Seals

that are hidden away cannot serve the purpose for which they are intended unless they are found and put to use," stated Dr. Schwartz.

"Many of the Christmas Seals which your tuberculosis association sent out on November 19 have been accounted for, and some nice contributions have been made so that our work against the dread disease, Tuberculosis, can be continued. Nevertheless, there are many people who have not responded to the Christmas Seal letter they received. We urge every citizen to make a contribution for their Seals to the Mississippi Tuberculosis Association in order that we may intensify our efforts throughout the coming year, and increase our case-finding and educational programs, so that Tuberculosis can be brought under control in Hancock County."

REMEMBER, look for your Christmas Seals and put them to work. Use them on your letters, Christmas Cards, and Christmas packages, as a reminder to others that Christmas Seals fight Tuberculosis. Send your contribution to the Mississippi Tuberculosis Association. For additional seals write the Mississippi Tuberculosis Association, P. O. Box 605, Jackson, Mississippi.

Without FAITH ... it's only a star

Faith in the significance of a pinpoint of light a billion miles away brought the Wise Men from distant lands to the place where the Christ Child lay.

But without faith, the Star of Bethlehem was only a star.

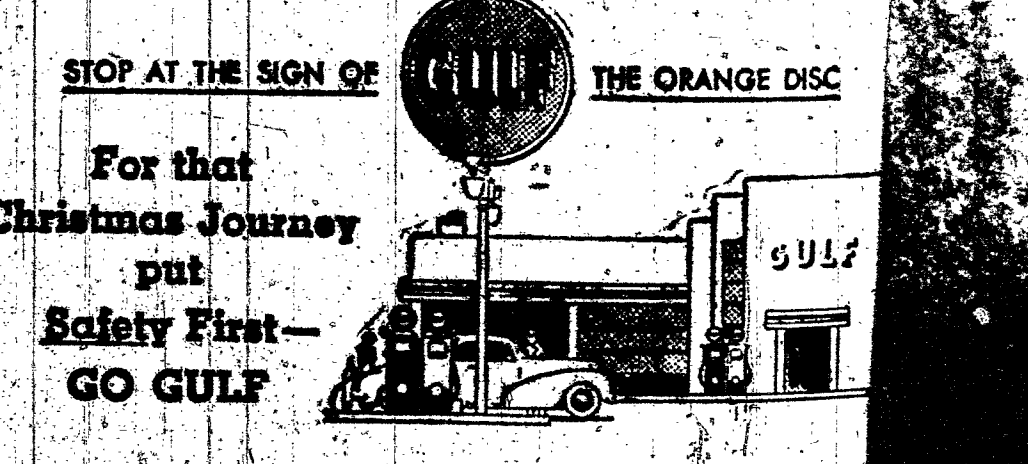

So it is with most of the resources of nature which men have put to their use. It is especially true of the business of finding the oil and gas locked deep in the earth of Mississippi. For millions of years it lay there, unknown to man - and first guessed at only within our generation by the surface explorations of what is, even now, an infant science.

Gulf pioneered for oil and gas in Mississippi. Work began in 1917. And then, as now, the most vital part of every drilling operation was Gulf's faith and confidence in Mississippi.

Gulf has expressed its faith in Mississippi by expending over \$82,000,000 in its operations and making possible the employment of over 7000 men and women. Together with all farsighted Mississippians, Gulf looks with faith and confidence toward a better and more prosperous future for all.

From Minnesota to the Gulf of Mexico, many streams flow one into another and, finally, into the Mississippi...each helping to build the Majesty of the Father of Waters. In similar fashion, streams of natural gas flow from more than 200 fields in three states into the pipe lines of United Gas.

These natural gas "tributaries" are an important factor in assuring adequate, dependable supplies of fuel to all of the 400-odd communities and more than 2,000 industries served from our pipe lines. Still more fields are being tied in to the United Gas system to help provide the same assurance of dependable service to every city, town or industry which may be connected in the future.

DO YOU STOP TO THINK?

By BILL ANDREWS
Area Ranger of Hancock County

This is forest fire season. Several sections of Hancock County have already witnessed some very destructive woods fires. Thousands of dollars of timber have already been destroyed. Most of these fires were started by carelessness - - - someone didn't think.

Fire has no care and knows no pain. In most cases, the pain is felt by someone other than the person starting the fire. Most people in Mississippi who live on their land expect to produce their livelihood. Their standard of living depends on how well their land produces. They need every penny it can produce. When fire rages through their timberland, production is cut for several years. That land owner is hindered from increasing his standard of living by someone's carelessness. His children are deprived of the many, many things that other children enjoy. Many young people have been hindered from going to college because fire destroyed their timber - - timber that would have been their means of securing a higher education.

People in Mississippi often overlook the destructiveness of woods fire, because they are not directly deprived of economic value, but every time a woods fire occurs, someone loses value - - value that could be used to build a better State for present and future generations.

Did you ever actually lose money? Then you know how timber land owners feel when their woods burn. Their financial possibilities are decreased and they actually lose money.

People of Mississippi MUST realize this fact and PREVENT WOODS FIRES, and prepare our economic standing for decades to come.

Why SPEED to DESTRUCTION

MISSISSIPPI SAFETY COUNCIL

The National Safety Council appealed to the nation today to keep the millionth traffic death from being a tragic Christmas present to some American family.

At the present rate of traffic deaths, the millionth victim is expected to die the third week of December—almost at the height of the Christmas season.

"It is bitterly ironic that the gaiety and festivity of the Christmas season should provide the backdrop for one of the most tragic events in the nation's motor history," said Ned H. Dearborn, president of the Council.

"And it must come as a shock to realize that in only 50 years the lives of almost 1,000,000 men, women and children have been squandered in one of the most senseless and deplorable wastes of modern times.

"But even more shocking than the toll itself is the inescapable fact that few Americans feel any real personal concern over the problem. Since the approximate date of the millionth death was announced more than 8 months ago there has been no slowdown in the rate of fatalities. Mr. Million's fate is approaching right on schedule.

Personal concern—and only personal concern and responsibility—can turn a red stop light on death as it speeds down our highways and streets."

Mr. Dearborn said that the Christmas-New Year holiday season is the peak accident period of the year and the time when traffic accidents present the most acute problem. Heavier travel and the festive spirit of the season always add to the normal winter hazards of bad weather, slippery roads and added hours of darkness.

"These increased hazards call for extra care and caution on the part of both pedestrians and drivers," he said, "especially if we are going to prevent the millionth traffic death."

day morning for Jackson for his physical examination. He returned to his home Wednesday.

Mr. and Mrs. Son Martin of Ozona visited in the home of Mr. and Mrs. C. R. Penton Sunday.

♦ ♦ ♦
 ♦ And it came to pass,
 as the angels were gone away from
 them into heaven, the shepherds
 said one to another, Let us now go
 even unto Bethlehem, and see this
 thing which is come to pass, which
 the Lord hath made known unto us.

And they came with haste, and
 found Mary, and Joseph, and the
 babe lying in a manger.

And when they had seen it, they
 made known abroad the saying which
 was told them concerning this child.

And all they that heard it won-
 dered at those things which were
 told them by the shepherds.

LUKE, CHAPTER 2, VERSES 15-18

*With sincere good wishes that this Christmas may bring you such
 Peace and Joy as the shepherds found when our Saviour was born...*
